

### CDC Reimbursement Rates

The CDC program is a subsidy program; therefore, the actual amount paid by the Department may not cover all child care expenses. The parent is responsible for payment of all amounts not paid by the Department.

The Department pays part of the cost of child care for approved families. This part is the Department Pay Percent (DP %). The DP% can be from 70% to 100% of the Department rate. Provider payment rates will vary based on the parent's DP% as shown below.
